Objectives of the Championship

The Freestyle, Women's wrestling or Greco-Roman Veterans World Championship is organised every years in an internationally famous city to all athletes after 35 years old who have stopped the competition. The reason that we made a Veteran World Championship is to interest a new athletes' category to the wrestling. United World Wrestling can exploit the advantage of this new category. It is a new promotional means for wrestling worldwide.

Let see the sixth principal advantages for this competition

- 1. This category of athletes can participate in an international competition for the sport that they have contributed during all their life.
- 2. Former Champions can attend the tournament like a guest. This position will maybe give him the motivation to participate another time to a competition.
- 3. This tournament can find a good place in the business world and in the international market thanks to this category of wrestlers (every wrestlers work and have a place in the society).
- 4. This tournament is a promotional tool for United World Wrestling to bring closer together the wrestling family.
- 5. With this style of tournament we can see a cooperation system between the participating countries beyond the wrestlers' parents and the organising committee.
- 6. If a young wrestler knows that our sport can be practice a long time, they will maybe choose wrestling. The Veteran world championship can bring to these athletes a good physical condition.

The Veteran World Championship can raise interest to older wrestlers, can give the occasion to United World Wrestling to make promotion and education or meet a need to the young athletes. Be that as it may, this Championship will maintain the good relationship with the chief of international business.

Article 1 - Participation

- 1.1 Participation in the Veterans World Championship is open to all national wrestling federations affiliated to United World Wrestling, provided that they have fulfilled their financial obligations toward United World Wrestling according to the United World Wrestling Statutes and Regulations and towards the organising committee as per these Regulations for the duration of the Championship.
- **1.2** Each national federation shall be entitled to enter as many wrestlers as it wishes.
- 1.3 All participating countries are required and requested to bring referees according to the normal organization procedures of Championships (maximum one per mat).
- 1.4 In the framework of the Championship a type "I" referees' course will be held.

Article 2 - Technical conditions
